ORGANIZATION OVERVIEW

Cadets To Vets is a nonprofit organization dedicated to supporting and empowering veterans through service, mentorship, and community engagement. By connecting youth cadets, military members, and veterans, the organization promotes civic responsibility and fosters intergenerational relationships. Through outreach, leadership development, and veteran appreciation programs, Cadets To Vets aims to strengthen community ties and ensure veterans feel recognized and valued.

the events

The comfort kits made an immediate and meaningful impact at our outreach event for veterans and individuals experiencing hardship. Recipients shared that the kits provided more than hygiene essentials - they offered dignity, reassurance, and a reminder that they are seen and supported.

In addition, Cadets to Vets distributed 25 kits at American Legion Post 037 and 50 kits at United Way's hygiene distribution drive, further extending their reach to veterans in need.

The kits strengthened our program by deepening engagement, building trust, and improving the event's overall success. We are deeply grateful for the opportunity to distribute them and witness their lasting impact on those we serve.
