BOLV handed out the bags to Veterans (both women and men), active-duty, retired, first responders and widows of veterans. Bags were donated to a local DAV chapter, and a local VA medical center that accepts donations of essential items, hygiene products and nonperishable foods for veterans that are in need.

The recipients of the comfort kits were very happy, grateful and satisfied. They were quite impressed with the quality of all of the items received in the bags. And they all send "thank yous" to DVNF for choosing BOLV as their grantee of the in-kind donations.
