

COMFORT KIT PROGRAM

IN-KIND DONATION IMPACT REPORT FY 2026

ORGANIZATION OVERVIEW

Soar and Elevate is a nonprofit organization dedicated to empowering veterans and their families with a focus on those who have experienced psychological, physical, and social trauma. Their programs provide mentorship, education, and health services to support the long-term well-being and success of veterans and their families. They are committed to addressing the challenges that veterans face, such as mental health issues, homelessness, and reintegration into civilian life.

HONORING OUR HEROES EVENT Veteran's Day 2025

“ Soar and Elevate, in partnership with Hobson Lodge and Golden Corral, distributed veteran comfort kits during a community outreach event. The initiative aimed to support disabled veterans facing financial hardship, housing instability, and limited access to personal care supplies. One of the most meaningful moments during the distribution involved an older disabled veteran who became emotional after receiving his kit. He shared that small acts of kindness and community recognition remind veterans that they are not forgotten. Another veteran stated that receiving the comfort kit made him feel valued and respected. ”
