NAKAIBETO VETERANS ORGANIZATION

Nakaibeto Veterans Organization (NVO) is a nonprofit supporting Navajo military veterans in our community. Founded by and for veterans, NVO ensures those who served are remembered when they return home. Their veterans face unique challenges on the Navajo Nation, including healthcare barriers, limited VA access, housing insecurity, and a lack of culturally appropriate support. NVO fills the gap with hands-on help, advocacy, and community programs rooted in Navajo tradition.

“ This picture was from a Purple Heart community dedication event and the veterans who were in attendance really enjoyed seeing that there were actually local, small organizations that can make a big difference.

The kits were distributed at Veterans resource events, travelled out to rural communities during their veterans meetings to distribute to veterans. It was so neat to see the veterans from rural areas enjoy and appreciate the comfort kits., especially if they were brought out to their communities and they did not have to travel much to get some assistance.
